

KÜBRANUR DOĞAN

About Me

I am a recent computer graduate who adapts to new environments easily and quickly. Also, I am highly motivated and eager to improve myself, and open to learning recent technologies. I value teamwork and effective communication and believe that cooperation is key to success. With a great enthusiasm to explore tech world, I am ready to take on new challenges.

Experiences

Agust 2022- Internship

Tripod Media and Software

Frontend Dev.

Agust 2023 - Internship

Ugur Refrigeration Company

Hardware

February 2024 - July 2024

Tripod Media and Software

I worked remotely for approximately six months, during which I had the opportunity to contribute to front-end web projects and collaborate in team environments. Throughout this period, I improved my skills in HTML, CSS, and jQuery.
